

Proper placement of a bus on a paved roadway with a paved shoulder and students are crossing the roadway

1 CCR 301-26

*18.4 The school transportation vehicle operator **shall** stop as far to the right of the roadway, highway or private road as possible before discharging or loading passengers - allowing sufficient area to the right and front of the vehicle but close enough to the right to prevent traffic from passing on the right - so that students may clear the vehicle safely while in sight of the operator.*

18.04(a) Exception: The school transportation vehicle operator may block the lane of traffic when passengers being received or discharged are required to cross the roadway.
